**FOR IMMEDIATE
RELEASE:**

ANDIS® COMPANY RELEASES FAN FAVOURITE SLIMLINE® PRO TRIMMER AND ENVY® LI CLIPPER IN AN OUT-OF-THIS-WORLD GALAXY COLORWAY

PRECISION CORDLESS TOOLS EMPOWER PROFESSIONALS TO PUSH THEIR CREATIVE LIMITS

[Andis® Company](#), a leading manufacturer of handheld barbering tools and education for professional barbers, has just unveiled its new limited-edition Galaxy colourway. Meant to capture the infinite possibilities when working with Andis tools, the sleek, iridescent look of this new collection captures the hearts of professionals whose sights are set on the stars. Featuring some of Andis Company's most popular tools, the Galaxy collection includes the cord/cordless Slimline Pro Trimmer and the Envy Li Adjustable Blade Clipper, which are available individually and as a combo kit.

"Fans of the Envy Li Clipper and Slimline Pro Trimmer will love this exciting new colourway!" said Angie Perino, Andis' Global Education Manager, "These popular tools are lightweight, cordless and comfortable for professional all-day use, but pack the power and precision to create any style."

The Slimline Pro Trimmer features a balanced, ergonomic shape for outlining, designing and dry shaving. Sleek and lightweight, the cord/cordless design allows for greater flexibility with zero downtime. Built with a powerful motor for increased speed and power, the lithium-ion battery delivers up to 2 hours of runtime. Equipped with a close-cutting, precision T-blade, the Galaxy edition Slimline Pro Trimmer embodies utility and style.

The Envy Li Clipper is also a mainstay for professionals worldwide due to its taper blade that adjusts from size 000 to size 1 – perfect for creating fade and taper styles. Exceptionally versatile, the Envy Li features a high-speed, rotary motor but is extremely lightweight and balanced for comfort behind the chair. This clipper is also equipped with a lithium-ion battery, delivering over 2 hours of nonstop runtime. The cord/cordless Envy Li shines in its new Galaxy colourway.

The limited-edition Galaxy tools feature a 1-year warranty and are available at authorised Andis dealers and andis.com.

In the UK, this stunning colourway can be purchased at <https://www.stylingproductsuk.co.uk/search/andis-limited-edition-galaxy>
